	1st overall in the race series in Class A	Fryderyk Chopin <i>Poland</i>
	Line Honours	Tomidi <i>Belgium</i>
	Torbay Cup Josh suffers from aspergers and autism and was referral by Sail Training Ireland and funded by an Oman bursary. This was his first trip away from home – much to the concern of his parents. But despite an initial barrier he soon made friends	Josh Barr, 18 years old Sailed on <i>Maybe</i> (UK) from Belfast to Aalesund

with everyone and made a special effort to talk to every member of the crew who spoke little English . They described him as compassionate, caring and always there to support his watch members

His crew have told us that he quickly became an invaluable team player who was always positive and enthusiastic and raised the spirits of his watch telling jokes, singing, dancing and entertaining everyone.

He was interested in everything to do with the ship and always volunteering for jobs, which made him a tremendous asset to the ship - who have said the experience has been a significant for him and would welcome him back anytime.

Friendship Trophy	<i>Fryderyk Chopin</i> Poland
